

Faculty Senate Motions

To be debated and voted on at the March 2024 Faculty Senate Meeting
Thursday, March 21, 2024, 2:00 PM
Room 125 BCH

Campus Curriculum Committee

Motion

The Curriculum Committee moves for Faculty Senate to approve the 26 CC and 4 PC form actions and the one Department Name Change request.

The full curriculum committee report and documents regarding updated approval processes for certificates and emphasis areas which the CCC will report on are also attached to the email with the FS meeting agenda.

Committee for Effective Teaching

Motion

Note that this is a revised form of the motion debated at the February Faculty Senate meeting, which was referred back to committee at that time.

Student Evaluation of Teaching (SET) data should be treated as confidential personnel data. If a department wants to grant access to SET data to a department position (e.g. an assistant chair) other than the department chair, that department's full-time faculty need to approve such access with a two-thirds supermajority vote, with separate votes for access to 1) quantitative data and 2) student comments. Such access will continue to be granted to whomever is in that position unless the department has another vote that does not have two-thirds support for continuing to provide them access. When there is a needed change in access, please contact CAFE and the chair of the CET.
