

**To: Faculty Senate**  
**From: Missouri S&T Campus Curricula Committee**  
**Re: November 3, 2014 Meeting**

**The Missouri S&T Campus Curricula Committee recommends to the Faculty Senate that the course changes on the following CC forms be approved:**

File #4141 Biological Sciences 2243: Sleep Function and Dysfunction  
File #4108 Chemistry 3459: Accelerated Physical Chemistry Laboratory  
File #4107 Chemistry 5100: Laboratory Safety & Hazardous Materials  
File #2560.1 IS&T 5885: Human Computer Interaction  
File #1862.5 IS&T 6887: Research Methods in Business and IST  
File #4114 Mechanical Engineering 5420: Signal Processing for Instrumentation  
File #4115 Marketing 5320: Marketing for Non-Profits

**For the information of the Faculty Senate, the following EC forms have been submitted by the University departments for an experimental course that will be offered in the near future:**

File #4124 Biological Sciences 5001: Stem Cell Biology and Regenerative Medicine  
File #4122 Business 5001: Financial Statement Analysis  
File #4117 Math 1001: Success for Calculus  
File #4131 Music 3001: Mechanics of Music

A mistake was discovered in approving File #s 2095.4, 268.7, 1746.1, & 2436.1 (Chemistry 3420, 3430, 5420, 5430) from the October 6th meeting. These course number changes were reversed.

**For full details of the above listed curriculum forms, see the November 3, 2014 meeting minutes of the Campus Curricula Committee at: <http://registrar.mst.edu/currcom/ccmeetings/>.**
