B. Administrative Reports

i) Provost Wray for Chancellor Schrader

A short video of President Wolfe regarding strategic planning at the system and campus levels was presented. This video may be viewed at http://youtu.be/iHCDJTFjLW0.

The strategic planning process is going to be customer focused, will take a “bottom up” approach, and will affect 5-10% of our future budget allocation.

Chancellor Schrader has named Provost Wray chair and Jim Drallmeier vice chair of the strategic planning process. They are supposed to spend 25% of their time on this process between now and the end of the academic year.

To date, approximately 20 faculty, staff, and administrators have attended formal training with the system and the strategic planning consultant, Innosight.

There will be an open forum on Monday, November 26th, 12:00 – 1:00 PM, in St. Pat’s B to inform the campus more about the strategic timeline and some of the steps that we will be following in the next few months.

On November 27th, Innosight will be on campus giving an all-day “train the trainers” workshop to an additional 20 or so faculty and staff.

In December there will be several “ideation” sessions to get as many people involved on this campus as possible, starting with the “bottom up” process. These sessions will be open to everybody and there will be more information coming shortly after the open forum.

The President wants to have this plan in effect and in place by the start of the next fiscal year. By about March we will be putting together the rudiments of the plan. Over April and May it will be tied into Budget. By the end of June the plan should be completed and ready for implementation.

More details will be available at the open forum and through the strategic planning web site http://provost.mst.edu/.
