Douglas K. Ludlow, PhD
Director of Freshman Engineering
Professor of Chemical Engineering

MEMORANDUM

Date: January 20, 2017

TO: Provost Robert Marley

FROM: Douglas Ludlow

RE: Honorary Degrees Committee

- The Honorary Degrees Committee met on January 20 at 10 am in Library 311. After receiving the charge from Provost Marley, the committee elected Dr. Douglas Ludlow to serve as the committee chair.
- The committee reviewed and considered the new nominee of Stephanie O'Sullivan. After some discussion it was decided that she is an excellent candidate for an Honorary Degree and the committee wants to forward her name to receive the Honorary Degree from Missouri S&T.
- The committee reviewed those names of individuals who have been previously nominated and voted that all of the individuals who have been previously nominated should be retained on the list.
- The committee formally submits the name as Stephanie O'Sullivan to be considered for an Honorary Degree.
