FYI:

We are pleased to announce that **Wesley Chun** author of Prentice Hall's bestselling "Core Python" series as well as a Developer Advocate at Google will be offering one of the Keynote presentations at this year's RTD. Wesley has over 25 years of programming, teaching, and writing experience, and has held engineering positions at Sun, Cisco/Ironport, HP, Rockwell, EMC/Legato, and a string of startups. While at Yahoo!, he helped create Yahoo!Mail & Yahoo! People Search using Python.

Here is Wesley's Bio and Keynote Information for RTD
