

FS Committee Restructuring

RP&A Subcommittee Report

K. M. Isaac (chair) and Daniel Tauritz

September 2012

Recommendations:

**D.6. Faculty Standing Committees**

**D.6.b. Administrative Review Committee**

Make this a subcommittee of the Personnel Committee and consider reducing its size from the current four (4) full-time tenured faculty members to just two (2) full-time tenured faculty members.

**D.6.d. Campus Curricula Committee**

Remove Graduate Council representative as they haven't provided one in several years

**D.6.g. Facilities Planning**

Reduce the number of Faculty Senate representatives from three (3) to two (2) and reduce the number of department representatives elected by Faculty Senate from four (4) to three (3).

**D.6.i. Personnel Committee**

In support of making the Administrative Review Committee a subcommittee of the Personnel Committee, add the stipulation that the two faculty members elected from and by the Faculty Senate are full-time tenured faculty members.

**D.7. Judicial Committees**

**D.7.b. Parking, Security and Traffic Committee**

Reduce the number of faculty members from twelve (12) to seven (7), reduce the number of undergraduate students from two (2) to one (1), and reduce the number of additional members the Chancellor may appoint from two (2) to one (1). Furthermore, instead of the Chancellor designating one of the faculty committee members as chair, have the committee members elect the chair.

**D.7.d. Student Scholastic Appeals Committee and D.7.e. Tuition and Residence Committee**

Merge the two committees.
