

## Final Report for the Tenure Committee 2014-2015

The committee had two meetings.

September 29, 2014

Michael Davis was elected chair.

The committee discussed the revisions to the P&T rules that had been approved the year before.

The committee briefly discussed developing best practice procedures for promotion and tenure cases.

December 9, 2014

The committee discussed concerns about multiple voting on P&T cases, i.e., that someone could vote at the departmental, area subcommittee and campus committee level. There was no consensus. Some members liked the current procedures and did not see a way to solve the multi-voting issue without overhauling the system. Other members wanted to overhaul the whole process to solve the problem.

In January the Provost asked that the committee not make any changes for the upcoming year so that the new online P&T system could be put in place.

Respectfully submitted on August 28, 2015 by Michael C. Davis, 2014-2015 Tenure Committee Chair.
