negotiated the replacement deal at \$1.98/GB. Dell is refunding our entire purchase price of the original SAN plus cash credits against the new equipment to obtain this price model.

When the new SAN is installed and tested we will begin an email migration. There will be no long extended outage but rather short (10 minute) periods of time where an individual's mailbox will be moved to the new SAN storage. We very much want to get this in place prior to the end of the semester so we have a real loading experience with the students on campus.

4. Report on web presence plans: universal web pages, documentum, etc.
As reported by Lori Mcillin

The Official Web Presence

1. Menu Wizard launched last Tuesday
2. SP5 Testing under way
3. DCE & Admissions work underway to bring them further in-line with the new branded identity (IT & EMarComm)
4. Automated Faculty Page
 - a. Project now underway for Schedule of Courses II - to provide all courses in Documentum (currently Distance only)
 - b. Senate Bill 389 - Peoplesoft Self Service will provide for bio updates AND personal url by faculty
 - c. Updates to PNU data load to include this new data
 - d. On-Line People Directory to be updated to include personal URL
 - e. Marketing is working on setting up "photo" opportunities for faculty
 - f. These projects will form the basis for building a working prototype of the automated faculty page for review by the ITCC

Professional Web Presence (aka the tilde sites)

1. Form an ad hoc web focus committee from IT and ITCC to formulate requirements, establish ownership and discuss expectations on a web support model

5. Review voting vs. nonvoting membership on ITCC, revise if desired

This agenda item was tabled until a latter date.

6.IT Communications report / ITCC Web site - blog, etc.

The ITCC Blog will be ready soon. A draft version should be available before the next meeting.

7. Teaching & Learning Technology Conference

As reported by Angie Hammons

There are 2 attachments: 1: Call for Proposals 2. Date workshop Flyer

Educational Technology will be hosting a Teaching and Learning Technology Conference on April 25, 2008 in the Havener Center from 8:30-3:30. The focus of the day is how technology has affected education. We are currently seeking faculty presenters and want to encourage everyone to attend on that day.

Highlights:

Vendor Showcase Area

Door Prizes, Door Prizes and More Door Prizes

Breakfast, Lunch and Snack provided by Vendors/Sponsors

The keynote speaker for the conference will be Dr. Rocky Keel, a faculty expert from the University of Missouri-St. Louis, who will be discussing the effective uses of Blackboard within his courses and the experiences from students. Dr. Keel, Teaching Professor in Sociology at UM-St. Louis, has been teaching sociology for 30 years, and has been integrating web and Internet-based instruction into his classes since 1993. From 2000-2005, he served as the faculty coordinator of the MyGateway system at UM-St. Louis. He has made numerous presentations to professional, academic, and community groups on a variety of topics relating to online and distance education, as well as the social implications of the Internet.

8. Plans for ITCC half-day Open Forum

ITCC will hold its Open Form on April 25, 2008 from 3:30 PM to 7 PM (possibly, if we do pizza like last year) after the Teaching and Learning Technology Conference in the Havener Center.

More details to follow.

9. There will be no ITCC meeting on April 9, 2008 due to the Open Form on April 25th.

10. Meeting was adjourned at 5 PM.
