

Administrative Review Committee
2014-2015 Annual Report

The Chancellor, and the VPs for Research and Graduate Affairs were reviewed last year.

Provost Wray was left out last year since he was leaving for a different position. This year we did not evaluate the Deans, Wray and others because they have been in their jobs less than a year.

It worked out this is an off-year since the Faculty Senate had some very important issues that had to get faculty inputs towards the end of the year.

Dr. S. N. Balakrishnan
