Dear ITCC Members,

We have a lot of important topics to discuss but we have something even more important to do in December. Please plan to come to all three CIO Candidate Open Forums listed below. Also please strongly encourage your department colleagues to do the same.

We will do this instead of our previously planned December ITCC Meeting. We will probably have a full-day Open Forum in January if the new CIO is here by then, which is the outcome we are shooting for.

This is the most important decision we will make in IT for a long time. Your views are highly coveted. An online evaluation form will be made available. Please make every effort to attend! The details of all three talks are below.

Thanks!

Yours truly,

Don

Dear ITCC Members, and other colleagues,

One other topic in addition to the reminder to attend the ITCC / Public Open Forums with CIO Candidates is the web site with candidate information:

<http://provost.mst.edu>

If you go to this web site, it will take you to the Provost's web page, and the bottom left of the page says "CIO Search Committee".

Hovering over that with the mouse arrow will reveal a tab that says several things, the bottom of which is "Candidate Resumes".

Hovering over that will reveal the candidates' names in alphabetical order, and clicking there will take you to the resume.

There was a photo and biosketch link via e-Connection but the resume is available to you if you want it.

The above is the general way to do it.

The first candidate is Greg Smith.

You can also go directly to his resume with this link:

<https://provost.mst.edu/media/administrative/provost/secure/cioresumes/Greg%20Smith%20-%20Resume.pdf>

I think both of the above methods will require you to log in with your normal user ID and password.

See you at noon Tuesday, December 4, to catch Greg's presentation and Q&A!
Thanks!

Yours truly,

Don

Dear ITCC Colleagues,

Attached please find the itineraries of the next two CIO candidates, including the ITCC / Open Forum presentations. Please make every effort to attend. These should be considered the most important ITCC meetings of the year. If you can't make it, please find an alternate from your department. Also please share your comments after the meeting, at the web site that will be provided. All candidate resumes are available at the Provost's CIO Search web site, which is linked to from the Provost web site.

Thanks, and see you soon!

Yours truly,

Don
